I sent another email yesterday also that requested a signature for your response. I need you to send back the document for filing with both the signature on the response and a separate page for the Certificate of Service. They should be in PDF form, and then I can get them docketed for you. Thank you!

It also occurred to me - Rules of Civil Procedure require you to attach a page that is called a "Certificate of Service" that states the date/method you served it on any other counsel and/or unrepresented party(ies). If you have Mr. French's email address, you may note that you served it on him electronically. Otherwise, you can just put a copy in the mail to him as of this date and state as such on the Certificate. Thanks!

Jean,

This is a response to the complaint by Leonard French on behalf of Imagos Films/Imagos Softworks.  
Sorry it is a little late.
